

## PRODUCT DATASHEET

# Langvlei Dolomiet (B2472)

### Product Classification:

|                       |                             |
|-----------------------|-----------------------------|
| <b>Product Class:</b> | Agricultural Dolomitic Lime |
|-----------------------|-----------------------------|

### Chemical Properties:

| Component                      | Typical |
|--------------------------------|---------|
| Total Alkalinity (CCE/HCl)     | 96.00%  |
| pH (10% Aqueous Slurry)        | -       |
| Calcium as Ca                  | 20.00%  |
| Calcium as CaCO <sub>3</sub>   | 50.00%  |
| Magnesium as Mg                | 11.43%  |
| Magnesium as MgCO <sub>3</sub> | 40.00%  |
| Silicon as SiO <sub>2</sub>    | -       |

### Physical Properties:

| Component        | Typical      |
|------------------|--------------|
| Colour / Texture | White Powder |

### Physical Properties:

Bulk  
Bagged (50kg)

P.O. Box 688, Stellenbosch, 7599
